

【Job Openings】

(Materials Research Center for Element Strategy)

1. Position: Post Dr. Researcher or adjunct assistant professor (one person)
2. Research field: Development of novel materials, mainly dielectric materials
3. Applicants: Ph. Dr. or Doctoral degree is required.
4. Location: Materials research center for element strategy (Suzukake-dai campus)
5. Start of employment: The earliest convenience (maximum 3 years)
6. Send the followings (including the digital data of MS word or pdf files)
 - (1) Curriculum vitae with photograph, e-mail and mailing (post) address, including educational records, professional career records, activity records in academic society, and awards.
 - (2) A publication list (Specify refereed (peer-reviewed) or non-refereed papers)
 - (3) Reprints or copies of three significant articles
 - (4) Brief statement (a few pages in A4 sheet) of research interests, including their appealing points and perspectives for future work
 - (5) Contact information of at least two distinguished reference persons (in addition to e-mail addresses)
7. Deadline of application: December 1, 2017
(Selection process start when the document is accepted and the position is closed when the appropriate person is selected even before the deadline)
8. Mailing address for the application:

School of Materials and Chemical Technology, Department of Materials Science and Engineering, Tokyo Institute of Technology
4259-J2-43, Nagatsuta-cho, Midori-ku, Yokohama, Kanagawa, 226 8502,
JAPAN
9. Inquiry should be sent to: Professor Hiroshi Funakubo
(e-mail: funakubo.h.aa@m.titech.ac.jp)

Notice: Applicants must write "Application documents for Materials Research Center for Element Strategy" in red on the front page of the envelope. Applicants should send the application documents by registered post mail or express shipping service. We do not accept the application by e-mail or internet file attachment. The documents are not returned.
